		2. <b>Sustainable Development Imbibing Vedic Pantheistic Principles:</b> The college is firmly structured on a strong foundation of not only imparting quality modern education but also imbibing and revivifying the traditional values of our scriptures that nourish our existence and sustenance. One of the core values of the institution is social commitment. The college believes that higher educational institutions shoulder the responsibilities to all its stakeholders which can be fulfilled through continuous community engagements. The college plays a pivotal role in the socio-economic development of the region. The college has an eco-friendly campus with the focus on inculcating in the students a feeling of prestige and pantheism for nature around – the life sustaining placenta between them and Mother Earth.2. Objectives of PracticeTo contribute positively to environmental conservation and sustainable development by infusing environmental consciousness and responsibility among students and the community. To rewire the modern generation's thinking and re-connect them with the nature and the ancient Indian Vedic culture and its Pantheistic principles. To design, utilize and sustain such platforms where students learn and then involve citizens in various green environmental programmes and practices. To create awareness about the enormity of the situation and make the students ambassadors of environmental protection in the world outside the college premises. To align the institution with the national programme of Swachh Bharat Abhiyan and imbibe the value of cleanliness among students and the community.	
2	Special initiatives taken for:	<p>i. <b>Energy conservation/ use of solar energy:</b> The institution stresses on conservation of Energy.
